

GRC sets EOC course study sessions

To provide our students optimal opportunities to be prepared for state-mandated End-of-Course assessments in May, George Rogers Clark High School will conduct 16 EOC review sessions in March and April. Four sessions for each assessed content area will be offered after school. As part of Senate Bill 1, EOC testing in Algebra II, English II, U.S. History and Biology will now serve as the primary accountability for secondary schools.

For every session, two teachers will work with students in each content area. All sessions will begin at 4 p.m. and end at 5:30 p.m., according to the following schedule:
