

Carpentry

This pathway prepares individuals to apply technical knowledge and skills to layout, cut, fabricate, erect, install, and repair wooden structures and fixtures, using hand and power tools. The pathway includes instruction in technical mathematics, framing, construction materials and selection, job estimating, blueprint reading, foundations and roughing-in, finish carpentry techniques, and applicable codes and standards.

Required Courses

Introduction to Construction Tech	9th
Floor and Wall Framing	10th/11th
Ceiling and Roof Framing	10th/11th
Site Layout and Foundations	12th

Every Student. Every Minute. Every Day.
