November 16, 2020

Dear Families and Staff,

George Rogers Clark High School learned that a student has tested positive for COVID-19. The student is currently in isolation. Due to federal health privacy laws, information regarding the student's identity cannot be released. Please respect the student's privacy during this difficult time.

Upon learning the news, we contacted the Clark County Health Department and have been working with them on next steps. We will support the health department in its handling of the process and the appropriate notifications. Health officials are reaching out, interviewing, and providing assistance directly to individuals with an elevated risk of exposure who may have been in recent, close contact with the student. All staff and families directly impacted by this news will be contacted.

The Centers for Disease Control and Prevention (CDC) recommends contacting your doctor if you believe you have been exposed to COVID-19 and develop a fever and other symptoms, such as coughing or difficulty breathing. More information can be found at the Clark County Health Department at 859.744.4482. In addition, please take social distancing seriously: avoid crowds, stay at home when possible, wear masks, and maintain at least a six-foot distance from other people.

We will continue to provide updates as needed. You can access all of the district's related communication by visiting our website at <http://www2.clarkschools.net/home/>. Please contact the Clark County Health Department with questions at 859.744.4482.

Thank you for your continued support. By working together, we will get through these challenging times. As you know, the well-being of our students, staff, and families is our number one priority.

Please join me in sending healing thoughts to our student.

Sincerely,

Paul D. Christy
Superintendent
