

Agriculture Horticulture

This pathway focuses on the scientific principles that underlie the breeding, cultivation, and production of agricultural plants, and the production, processing, and distribution of agricultural plant products. Includes instruction in the plant sciences, crop cultivation and production, and agricultural and food products processing.

Passing the End of Pathway Assessment will give 3 college credit hours to most KY Universities. Additionally, completing the Ag. Horticulture pathway can lead to industry certification.

Required Courses

Principles of Agriculture OR Agriscience	9th/10th 11th/12th
Intro to Greenhouse	10th-12th
