

JROTC

This pathway's design focuses on the development of better citizens by building skills in leadership, personal growth and behaviors, citizenship, decision making, health and fitness, first aid, team building, service learning, and geography; all within a student-centered learning environment.

It prepares high school students for responsible leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens. The program is a stimulus for promoting college and career readiness and it provides instruction and rewarding opportunities that will benefit the student, community, and nation.

Required Courses

Army JROTC LET 1.1/LET 1.2	9th
